Why START TODAY?

-  Formulated as per WHO guidelines
-  Scientifically tested for effectiveness
-  Cost-effective solution for workplace hydration
-  Fast absorption for instant relief
-  Supports workplace safety & productivity

HYDRATE TO PERFORM

Essential Hydration for Industrial Workforce

Industrial Heat & Dehydration

— A Hidden Risk!

Dehydration and heat stress reduces focus, slows reflexes, and increases the risk of workplace accidents. Fatigue and dizziness lowers efficiency, while severe cases can lead to heatstroke and serious health problems, affecting both workers and productivity.

Rehydrate. Recover. Perform.

- Boosts energy, agility & focus
- Prevents heat stress and fatigue
- Easy-to-carry, quick-mix formula
- Rapid rehydration with essential electrolytes
- It tastes great, ensuring workers drink enough fluids

Usage Guide

- Mix one sachet in 200ml of water
- Shake well and drink at regular intervals
- Stay hydrated and maintain energy levels
